## PROFILE

---

"I'm a creative, smart, resourceful and determined team player with an eye for beauty and luxury; motivated by love for good arts and design. After years of education and learning from mistakes, I have developed a strong confidence for success, through application of design knowledge both in the office and on the field. I am a well-rounded individual with competence in the use of computer aided design software's and administrative office tools in response to the ever growing client needs. I am a fast learner with matured design skills and strong design presentation attributes, graphic eye for detailing, an advocate of less is more, truth of materials, with good work ethics and excellent human relations."

## OBJECTIVE

---

- Make a landmark achievement in the Architectural world, applying my design skills through innovative ideas.
- To provide a cutting edge in any reputable organization and strive for excellence at all times
- Research on ways of simplifying architectural practice for both designers and client.
- Study critical regionalism in response to my immediate environment
- Improve design knowledge of minimalism architectural approach.
